

## Who are we?

Study association Esperia is created for the benefit of the students of European Languages and Cultures at the University of Groningen. She is here to enrich your social life by organising socials every month and to broaden your academic horizon by presenting you several pub-lectures.

On the picture below you find the IntroCie of 2017-2018. This committee has the job to make the intro-month as amazing as possible. We are already very busy organising nice stuff and we can't wait to see you all! Any questions, remarks or just a funny thing to say? Find someone wearing an Esperia t-shirt and fire away!

## Introduction-period Esperia

The entire month of September revolves around making the first year students of European Languages and Cultures feel comfortable and welcome. The IntroCie of 2017-2018 has tried their best in organising fun activities where you can get to know your fellow students and acquaint yourself with Esperia. The highlight of the introduction-period is the introcamp: a weekend full of fun at Schiermonnikoog. To end the festivities of September, we have organised an End Party for you where you can celebrate with your new friends and (hopefully) look back on an amazing introduction-period!

## Esperians Kiss and Tell

**Laura Jark**

*“For me, an international from Germany, becoming a member of Esperia has been one of my best decisions. Especially in the beginning when everything is new, most of all for internationals, and it’s a little overwhelming, Esperia is a great support! You don’t just get to know the other first year students, also the older students, which is great and can be so helpful! There is always a nice activity planned, whether study related or not, during which you can hang out with friends and make the most of your student life!”*

**Céline Zwijsen**

*“Being part of a committee of Esperia has brought me a lot of new friends! You are able to get to know so many new people by joining a committee or like I also did join the board of Esperia. Not only Esperia is equal to a lot of fun because of all the activities that we organise, study related or not, but it is also the best way to start your student life with all of the other first year students. By being a member of Esperia (and a committee), you can be sure to have an amazing time during your time in Groningen!”*

## What does the Esperia organise throughout the year?
